GMO statement

January 2023

Dear Sir, Madam,

Referring to your request whether our range contains genetically modified varieties, we would like to inform you that all the varieties in our present range are obtained without making use of genetic modification techniques which lead to genetically modified organisms to which Directive 2001/18 of the European Parliament and of the Council of the European Communities of 12 March 2001 on the deliberate release into the environment of genetically modified organisms applies.

This statement applies to our varieties which have been or will be marketed in the year 2023. If you so desire you may ask for a new statement after expiration of this period.

Yours sincerely,

Rijk Zwaan Distribution B.V.
